

TLG® PLASTIC LABORATORY BOTTLES (PP)

TLG® Plastic Laboratory Bottles from ChemScience meet the requirements of the most demanding applications. These plastic bottles are highly durable and strong for a safe, shatterproof alternative to glass bottles for collection, storage, or shipping of samples, media, and reagents.

Narrow Mouth, Polypropylene (PP)

- Suitable for autoclaving at 121°C
- Improved chemical resistance and clarity
- Resistant to most corrosives and suitable for a wide variety of laboratory uses
- Approved for use from -100 °C to 121°C

Catalog Number	Capacity	Cap Size	Pack Type
CS-C1616030	30 ML	20 mm	Pack of 12
CS-C1616060	60 ML	20 mm	Pack of 12
CS-C1616125	125 ML	24 mm	Pack of 12
CS-C1616250	250 ML	24 mm	Pack of 12
CS-C1616500	500 ML	24 mm	Pack of 12
CS-C161601L	1000 ML	38 mm	Pack of 12

Wide Mouth, Polypropylene (PP)

- Suitable for autoclaving at 121°C
- Improved chemical resistance and clarity
- Resistant to most corrosives and suitable for a wide variety of laboratory uses
- Approved for use from -100 °C to 121°C

Catalog Number	Capacity	Cap Size	Pack Type
CS-C1622030	30 ML	28 mm	Pack of 12
CS-C1622060	60 ML	28 mm	Pack of 12
CS-C1622125	125 ML	38 mm	Pack of 12
CS-C1622250	250 ML	43 mm	Pack of 12
CS-C1622500	500 ML	43 mm	Pack of 12
CS-C16221L	1000 ML	63 mm	Pack of 12

TLG® PLASTIC LABORATORY BOTTLES (LDPE)

TLG® Plastic Laboratory Bottles from ChemScience meet the requirements of the most demanding applications. These plastic bottles are highly durable and strong for a safe, shatterproof alternative to glass bottles for collection, storage, or shipping of samples, media, and reagents.

Narrow Mouth Low-Density Polyethylene (LDPE)

- More clear than HDPE
- Flexible with excellent impact resistance

Catalog Number	Capacity	Cap Size	Pack Type
CS-C1614030	30 ML	20 mm	Pack of 12
CS-C1614060	60 ML	20 mm	Pack of 12
CS-C1614125	125 ML	24 mm	Pack of 12
CS-C1614250	250 ML	24 mm	Pack of 12
CS-C1614500	500 ML	28 mm	Pack of 12
CS-C161401L	1000 ML	38 mm	Pack of 12

Wide Mouth Low-Density Polyethylene (LDPE)

- More clear than HDPE
- Flexible with excellent impact resistance

Catalog Number	Capacity	Cap Size	Pack Type
CS-C1623030	30 ML	28 mm	Pack of 12
CS-C1623060	60 ML	28 mm	Pack of 12
CS-C1623125	125 ML	38 mm	Pack of 12
CS-C1623250	250 ML	43 mm	Pack of 12
CS-C1623500	500 ML	53 mm	Pack of 12
CS-C16231L	1000 ML	63 mm	Pack of 12
CS-C16232L	2000 ML	83 mm	Pack of 12

TLG® PLASTIC LABORATORY BOTTLES (HDPE)

TLG® Plastic Laboratory Bottles from ChemScience meet the requirements of the most demanding applications. These plastic bottles are highly durable and strong for a safe, shatterproof alternative to glass bottles for collection, storage, or shipping of samples, media, and reagents.

Narrow Mouth High-Density Polyethylene (HDPE)

- Safe for freezer storage down to -100°C
- Resistant to most corrosives

Catalog Number	Capacity	Cap Size	Pack Type
CS-C1615030	30 ML	20 mm	Pack of 12
CS-C1615060	60 ML	20 mm	Pack of 12
CS-C1615125	125 ML	24 mm	Pack of 12
CS-C1615250	250 ML	24 mm	Pack of 12
CS-C1615500	500 ML	24 mm	Pack of 12
CS-C161501L	1000 ML	38 mm	Pack of 12

Wide Mouth High-Density Polyethylene (HDPE)

- Safe for freezer storage down to -100°C
- Resistant to most corrosives

Catalog Number	Capacity	Cap Size	Pack Type
CS-C1621030	30 ML	28 mm	Pack of 12
CS-C1621060	60 ML	28 mm	Pack of 12
CS-C1621125	125 ML	38 mm	Pack of 12
CS-C1621250	250 ML	43 mm	Pack of 12
CS-C1621500	500 ML	43 mm	Pack of 12
CS-C16211L	1000 ML	63 mm	Pack of 12
CS-C16212L	2000 ML	83 mm	Pack of 12
