GLASS SLIDES

We supply Glass slides for various applications. Clear, premium quality, water-white glass, pre-cleaned, ready to use

Normal Glass Slide- Plain

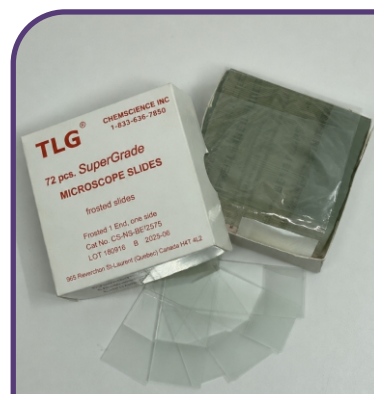

Made with Clear Corrosion-Resistant Borosilicate Glass for ensuring superior clarity. Slides are Pre-cleaned and lint-free to satisfy normal laboratory requirements. Super sized plain glass slide is also available for special procedures. Edges are ground or beveled and polished to prevent abrasion to hands. Ground Edge Slides are with 90 deg corner and are manufactured using grinding process which results in a high quality fine ground edge.

| Catalog No. | Description | Volume/Size | Pack Size | Price |
|--------------|---|-------------|-------------|----------|
| CS-NP-BE2575 | Super Grade, Plain Slide, Bevelled Edge | 26x76 mm | Pack of 144 | \$ 10.00 |
| CS-NP-GE2575 | Super Grade, Plain Slide, Ground Edges | 26x76 mm | Pack of 144 | \$ 10.00 |
