

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

|                                 |                                             |
|---------------------------------|---------------------------------------------|
| Identification of the substance | <b>Mercuric nitrate monohydrate, Hi-LR™</b> |
| CAS number                      | 7783-34-8                                   |
| Alternative number(s)           | GRM7227                                     |

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

|                          |                                                 |
|--------------------------|-------------------------------------------------|
| Relevant identified uses | Laboratory chemicals, Manufacture of substances |
| Uses advised against     | Do not use for squirting or spraying.           |

#### 1.3 Details of the supplier of the safety data sheet

HiMedia Laboratories Pvt. Ltd.  
Plot No. C40, Road No. 21Y, Wagle Industrial Area, MIDC  
Thane West Maharashtra 400604  
India

Telephone: +91 22 69034800, +91 22 61169797  
e-mail: info@himedialabs.com  
Website: www.himedialabs.com

|                           |                                                      |
|---------------------------|------------------------------------------------------|
| e-mail (competent person) | info@himedialabs.com (HiMedia Laboratories Pvt. Ltd) |
|---------------------------|------------------------------------------------------|

#### 1.4 Emergency telephone number

|                               |                |
|-------------------------------|----------------|
| Emergency information service | +91 9321269711 |
|-------------------------------|----------------|

### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture

Classification acc. to GHS

| Section | Hazard class                                          | Category | Hazard class and category | Hazard statement |
|---------|-------------------------------------------------------|----------|---------------------------|------------------|
| 3.1O    | acute toxicity (oral)                                 | 1        | Acute Tox. 1              | H300             |
| 3.1D    | acute toxicity (dermal)                               | 1        | Acute Tox. 1              | H310             |
| 3.1I    | acute toxicity (inhal.)                               | 1        | Acute Tox. 1              | H330             |
| 3.9     | specific target organ toxicity - repeated exposure    | 2        | STOT RE 2                 | H373             |
| 4.1C    | hazardous to the aquatic environment - chronic hazard | 1        | Aquatic Chronic 1         | H410             |

For full text of abbreviations: see SECTION 16.

The most important adverse physicochemical, human health and environmental effects

Delayed or immediate effects can be expected after short or long-term exposure. Spillage and fire water can cause pollution of watercourses.

#### 2.2 Label elements

Labelling

- Signal word              danger

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### - Pictograms

GHS06, GHS08, GHS09

### - Hazard statements

H300+H310+H330

Fatal if swallowed, in contact with skin or if inhaled.

H373

May cause damage to organs through prolonged or repeated exposure.

H410

Very toxic to aquatic life with long lasting effects.

### - Precautionary statements

P260

Do not breathe dust/fume/gas/mist/vapours/spray.

P262

Do not get in eyes, on skin, or on clothing.

P280

Wear protective gloves/protective clothing/eye protection/face protection/hearing protection.

P301+P310

IF SWALLOWED: Immediately call a POISON CENTER/doctor.

P304+P340

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P403+P233

Store in a well-ventilated place. Keep container tightly closed.

## 2.3 Other hazards

### Results of PBT and vPvB assessment

According to the results of its assessment, this substance is not a PBT or a vPvB.

### Endocrine disrupting properties

Does not contain an endocrine disruptor (ED) at a concentration of  $\geq 0,1\%$ .

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Name of substance

Mercuric nitrate monohydrate, Hi-LR™

Identifiers

CAS No

7783-34-8

EC No

233-152-3

| Specific Conc. Limits | M-Factors | ATE                                    | Exposure route                          |
|-----------------------|-----------|----------------------------------------|-----------------------------------------|
| -                     | -         | 0.5 mg/kg<br>5 mg/kg<br>>0.005 mg/l/4h | oral<br>dermal<br>inhalation: dust/mist |

Molecular formula

$\text{Hg}(\text{NO}_3)_2 \cdot \text{H}_2\text{O}$

Molar mass

342.62 g/mol

## SECTION 4: First aid measures

### 4.1 Description of first aid measures

#### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

#### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. Provide fresh air.

#### Following skin contact

Rinse skin with water/shower.

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

## 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date.

## 4.3 Indication of any immediate medical attention and special treatment needed

none

## SECTION 5: Firefighting measures

### 5.1 Extinguishing media

Suitable extinguishing media

Water, Foam, ABC-powder

Unsuitable extinguishing media

Water jet

### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products

Nitrogen oxides (NO<sub>x</sub>)

### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Co-ordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Remove persons to safety.

For emergency responders

Wear breathing apparatus if exposed to vapours/dust/spray/gases.

### 6.2 Environmental precautions

Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it. If substance has entered a water course or sewer, inform the responsible authority.

### 6.3 Methods and material for containment and cleaning up

Advice on how to contain a spill

Covering of drains, Take up mechanically

Advice on how to clean up a spill

Take up mechanically.

Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

### 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

##### Recommendations

- Measures to prevent fire as well as aerosol and dust generation  
Use local and general ventilation. Take precautionary measures against static discharge. Use only in well-ventilated areas. Ground/bond container and receiving equipment.

##### - Specific notes/details

Dust deposits may accumulate on all deposition surfaces in a technical room.

##### Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

#### 7.2 Conditions for safe storage, including any incompatibilities

##### Managing of associated risks

##### - Explosive atmospheres

Removal of dust deposits.

##### - Ventilation requirements

Keep any substance that emits harmful vapours or gases in a place that allows these to be permanently extracted. Use local and general ventilation.

##### - Specific designs for storage rooms or vessels

##### - Storage temperature

Recommended storage temperature: 10 – 30 °C

#### 7.3 Specific end use(s)

See section 16 for a general overview.

### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

| Occupational exposure limit values (Workplace Exposure Limits) |               |        |            |           |             |            |              |                 |                   |          |           |
|----------------------------------------------------------------|---------------|--------|------------|-----------|-------------|------------|--------------|-----------------|-------------------|----------|-----------|
| Country                                                        | Name of agent | CAS No | Identifier | TWA [ppm] | TWA [mg/m³] | STEL [ppm] | STEL [mg/m³] | Ceiling-C [ppm] | Ceiling-C [mg/m³] | Notation | Source    |
| GB                                                             | dust          |        | WEL        |           | 10          |            |              |                 |                   | i        | EH40/2005 |
| GB                                                             | dust          |        | WEL        |           | 4           |            |              |                 |                   | r        | EH40/2005 |

##### Notation

|           |                                                                                                                                                                          |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Ceiling-C | ceiling value is a limit value above which exposure should not occur                                                                                                     |
| i         | inhalable fraction                                                                                                                                                       |
| r         | respirable fraction                                                                                                                                                      |
| STEL      | short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute period (unless otherwise specified)                   |
| TWA       | time-weighted average (long-term exposure limit); measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified) |

#### 8.2 Exposure controls

##### Appropriate engineering controls

General ventilation.

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### Individual protection measures (personal protective equipment)

#### Eye/face protection

Wear eye/face protection.

#### Skin protection

##### - Hand protection

In the case of wanting to use the gloves again, clean them before taking off and air them well.

##### - Other protection measures

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

#### Respiratory protection

Particulate filter device (EN 143).

#### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

|                                                          |                                                                                            |
|----------------------------------------------------------|--------------------------------------------------------------------------------------------|
| Physical state                                           | solid                                                                                      |
| Colour                                                   | White to off-white hygroscopic crystals or powder, may become colored on exposure to light |
| Odour                                                    | characteristic                                                                             |
| Melting point/freezing point                             | not determined                                                                             |
| Boiling point or initial boiling point and boiling range | not determined                                                                             |
| Flammability                                             | non-combustible                                                                            |
| Lower and upper explosion limit                          | not relevant (solid)                                                                       |
| Flash point                                              | not applicable                                                                             |
| Auto-ignition temperature                                | not determined                                                                             |
| Decomposition temperature                                | not relevant                                                                               |
| pH (value)                                               | not applicable                                                                             |
| Kinematic viscosity                                      | not relevant                                                                               |
| Solubility(ies)                                          | not determined                                                                             |

#### Partition coefficient

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

### 10.2 Chemical stability

See below "Conditions to avoid".

### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

### 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

### 10.5 Incompatible materials

There is no additional information.

### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

#### Classification acc. to GHS

#### Acute toxicity

Fatal if swallowed. Fatal in contact with skin. Fatal if inhaled.

#### - Acute toxicity estimate (ATE)

Oral 0.5 mg/kg  
Dermal 5 mg/kg  
Inhalation: dust/mist >0.005 mg/l/4h

#### Skin corrosion/irritation

Shall not be classified as corrosive/irritant to skin.

#### Serious eye damage/eye irritation

Shall not be classified as seriously damaging to the eye or eye irritant.

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### Respiratory or skin sensitisation

Shall not be classified as a respiratory or skin sensitiser.

### Germ cell mutagenicity

Shall not be classified as germ cell mutagenic.

### Carcinogenicity

Shall not be classified as carcinogenic.

### Reproductive toxicity

Shall not be classified as a reproductive toxicant.

### Specific target organ toxicity - single exposure

Shall not be classified as a specific target organ toxicant (single exposure).

### Specific target organ toxicity - repeated exposure

May cause damage to organs through prolonged or repeated exposure.

### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

## 11.2 Information on other hazards

There is no additional information.

## SECTION 12: Ecological information

### 12.1 Toxicity

Very toxic to aquatic life with long lasting effects.

### 12.2 Persistence and degradability

Data are not available.

### 12.3 Bioaccumulative potential

Data are not available.

### 12.4 Mobility in soil

Data are not available.

### 12.5 Results of PBT and vPvB assessment

According to the results of its assessment, this substance is not a PBT or a vPvB.

### 12.6 Endocrine disrupting properties

Does not contain an endocrine disruptor (ED) at a concentration of  $\geq 0,1\%$ .

### 12.7 Other adverse effects

Data are not available.

## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

#### Waste treatment-relevant information

Recycling/reclamation of other inorganic materials.

#### Sewage disposal-relevant information

Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

#### Waste treatment of containers/packagings

Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

### Remarks

Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### SECTION 14: Transport information

#### 14.1 UN number or ID number

|           |         |
|-----------|---------|
| IMDG-Code | UN 1625 |
| ICAO-TI   | UN 1625 |

#### 14.2 UN proper shipping name

|           |                  |
|-----------|------------------|
| IMDG-Code | MERCURIC NITRATE |
| ICAO-TI   | Mercuric nitrate |

#### 14.3 Transport hazard class(es)

|           |     |
|-----------|-----|
| IMDG-Code | 6.1 |
| ICAO-TI   | 6.1 |

#### 14.4 Packing group

|           |    |
|-----------|----|
| IMDG-Code | II |
| ICAO-TI   | II |

#### 14.5 Environmental hazards

not assigned

#### 14.6 Special precautions for user

There is no additional information.

#### 14.7 Maritime transport in bulk according to IMO instruments

The cargo is not intended to be carried in bulk.

#### Information for each of the UN Model Regulations

##### International Maritime Dangerous Goods Code (IMDG) - Additional information

|                                                                                     |                                                                        |
|-------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| Marine pollutant                                                                    | P (hazardous to the aquatic environment)                               |
| Danger label(s)                                                                     | 6.1, fish and tree                                                     |
|  |                                                                        |
| Special provisions (SP)                                                             | -                                                                      |
| Excepted quantities (EQ)                                                            | E4                                                                     |
| Limited quantities (LQ)                                                             | 500 g                                                                  |
| EmS                                                                                 | F-A, S-A                                                               |
| Stowage category                                                                    | A                                                                      |
| Segregation group                                                                   | 7 - Heavy metals and their salts<br>11 - Mercury and mercury compounds |

##### International Civil Aviation Organization (ICAO-IATA/DGR) - Additional information

|                 |     |
|-----------------|-----|
| Danger label(s) | 6.1 |
|-----------------|-----|

|                          |      |
|--------------------------|------|
| Excepted quantities (EQ) | E4   |
| Limited quantities (LQ)  | 1 kg |

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### SECTION 15: Regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

##### Relevant provisions of the European Union (EU)

##### Deco-Paint Directive

|             |     |
|-------------|-----|
| VOC content | 0 % |
|-------------|-----|

##### Industrial Emissions Directive (IED)

|             |     |
|-------------|-----|
| VOC content | 0 % |
|-------------|-----|

##### Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)

not listed

##### Regulation concerning the establishment of a European Pollutant Release and Transfer Register (PRTR)

not listed

##### Water Framework Directive (WFD)

| List of pollutants (WFD)             |           |           |         |
|--------------------------------------|-----------|-----------|---------|
| Name of substance                    | CAS No    | Listed in | Remarks |
| Mercuric nitrate monohydrate, Hi-LR™ |           | b)        | HAZ     |
| Mercuric nitrate monohydrate, Hi-LR™ | 7439-97-6 | c)        |         |
| Mercuric nitrate monohydrate, Hi-LR™ |           | a)        |         |
| Mercuric nitrate monohydrate, Hi-LR™ |           | a)        |         |

##### Legend

- a) Indicative list of the main pollutants
- b) List of priority substances in the field of water policy
- c) Environmental Quality Standards for Priority Substances and certain other pollutants
- HAZ Identified as priority hazardous substance

##### Regulation concerning the export and import of hazardous chemicals (PIC)

Chemicals subject to the international prior informed consent (PIC) procedure (the 'PIC procedure').

| Name of substance                    | CAS No | Category / subcategory | Use limitation |
|--------------------------------------|--------|------------------------|----------------|
| Mercuric nitrate monohydrate, Hi-LR™ |        | p(1)<br>p(2)           | b<br>b         |
| Mercuric nitrate monohydrate, Hi-LR™ |        | p                      |                |

##### Legend

- b Use limitation: ban (for the sub-category or sub-categories concerned) according to Union legislation
- p Category: p - pesticides
- p(1) Sub-category: p(1) - pesticide in the group of plant protection products
- p(2) Sub-category: p(2) - other pesticide including biocides

##### Regulation on persistent organic pollutants (POP)

not listed

## Mercuric nitrate monohydrate, Hi-LR™

Version number: GHS 3.0  
Replaces version of: 2024-01-12 (GHS 2)

Revision: 2024-07-09

### National regulations (GB)

#### List of substances subject to authorisation (GB REACH, Annex 14) / SVHC - candidate list

not listed

#### Restrictions according to GB REACH, Annex 17

| Dangerous substances with restrictions (GB REACH, Annex 17) |                        |        |    |
|-------------------------------------------------------------|------------------------|--------|----|
| Name of substance                                           | Name acc. to inventory | CAS No | No |
| Mercuric nitrate monohydrate, Hi-LR™                        | Mercury compounds      |        | 18 |

### 15.2 Chemical safety assessment

No Chemical Safety Assessment has been carried out for this substance.

## SECTION 16: Other information

### Indication of changes (revised safety data sheet)

| Section | Former entry (text/value)                                                                                                      | Actual entry (text/value)                                                                                             | Safety-relevant |
|---------|--------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|-----------------|
| 1.4     | Emergency information service:<br>This number is only available during the following office hours: Mon-Fri 09:00 AM - 05:00 PM | Emergency information service:<br>+91 9321269711                                                                      | yes             |
| 2.3     | Endocrine disrupting properties:<br>Does not contain an endocrine disruptor (ED) in a concentration of $\geq 0,1\%$ .          | Endocrine disrupting properties:<br>Does not contain an endocrine disruptor (ED) at a concentration of $\geq 0,1\%$ . | yes             |
| 3.1     |                                                                                                                                | EC No:<br>change in the listing (table)                                                                               | yes             |
